NO. 26.

Dr. Mintie's Nephreticum.
Dr. Mintie's Nephreticum works wonders. In all cases of Dropsy, Bright's Disease, Kidney, Bladder and Urinary Complaints, or Retention of Urine, these troubles are entirely cured by the Nephreticum. Female Weakness, Gravel, Diabetes, pain in the back side and loin are cured when all other medicines have failed.
See what the Druggists of Portland and San Francisco say about Dr. Mintie's Nephreticum and English Dandelion Pills:
"We have sold a large amount of Dr. Mintie's medicine; the English Dandelion Pills; also the Nephreticum, and in all cases they are highly spoken of and give entire satisfaction."
John A. Childs, Druggist, Second street, Portland.
C. H. Woodward & Co., Druggists, corner First and Alder street, Portland.
Messrs. Abrams & Carroll, wholesale Druggists, Nos. 3 and 4 Front street, San Francisco, say:
"We regard Nephreticum as the best Kidney and Bladder Remedy before the public." All Druggists keep these medicines.
For all derangements of the Liver, Use Dr. Mintie's English Dandelion Pills.
For Biliousness and Dyspepsia, Use Dr. Mintie's English Dandelion Pills.
For Fever and Ague, Use Dr. Mintie's English Dandelion Pills.
Ever family should keep the English Dandelion Pills on hand.
Dr. Mintie's Remedies will not "Cure all Complaints," but will, if taken according to Directions, give immediate relief and perfect a cure in all troubles for which they are recommended.

WEDNESDAY, APRIL 30, 1879

THE HOUSEKEEPER.

Woman's work is never done. The ingenuity of the inventive Yankee has revolutionized the labor of the male sex, and a man can now do his work very often a hundred times as fast as he could at the beginning of this century, but his wife takes the forenoon for washing up her dishes, making the beds, and baking the necessary pie. After lunch she has to wash more dishes, change her dress and does an hour's sewing before she gets the dinner, after which more dishes are washed, and then the children are put to bed, and she sits down to mend the boys' pants. This is the life of the poor man's wife, and if she is able to keep a servant her labor varies more in kind than degree. The fact is, it takes too much time entirely to keep the dishes clean, and it occurs to us that if the ladies kept the stores and we the houses, some more expeditious way would be invented. We would set paper plates and throw them away after each meal, or we would have a big sink instead of shelves in which to stow our dishes. When they were dirty we would lay them carefully in the sink and turn on the water, and when we wanted a meal we would wash them out and wipe them dry. Or, better still, we would turn off the water and they would dry themselves. There are several ways which occur to us to save time, and if we were in the business it is likely that many more would suggest themselves. Under the present system, the dish cloth plays a far more important part in the life of ninety-nine women out of a hundred than the bridal veil. It may be that it is best that this should be so. If some friend of the sex should invent a patent self-adjusting, rubb-ashioned dish washer, the blessed angels would immediately and with malice aforethought invent work enough to keep them busy day and night, just as they did with the sewing machine.

EDITORIAL NOTES.

We look with no little apprehension on the approaching presidential contest. There will be no new principle to fight for, and the old disputes have all grown to be most bitter subjects of discussion. The disorderly classes never were so numerous and bold as now, and we should not be surprised to see rioting and bloodshed in many parts of the country. The old parties have become so intensely hostile that it is a pity they cannot be broken up and new lines drawn. It may be found that the presidential term will have to be lengthened in order to allay the passions of the masses. If there were 6, 7 or 8 years between times, instead of four, it would give things a chance to settle and old questions to drop out of sight.

Love is a game of pitch and catch.

He "throws" his affections, and she generally "catches" them on the first bounce. In the end, both of them fetch up at the "home base."—Andrews' Bazaar.

He often goes for another "run,"

gets "caught out" on the "fly," and takes the "field" for another "inning."

Vanderbilt is feeling the weight of

public opinion for going to England. He stated that he could have bought cheaper in this country. The papers think he got a private communication from God.

The Gazette acknowledges the receipt

of an invitation to be present at the Annual Re-union of old Nevada countyites, which will be held at Isaac's grove, Nevada county, Cal., June 5th.

Henry Gaston, ex-speaker of the

assembly, has tendered his resignation from that body. He desires the nomination of city attorney at the hands of the Virginia Republicans.

On the Saskatchewan river, near the

route of the Northern Pacific railroad, the thermometer reached 60 degrees below zero last winter.

The Dominion board of trade has

resolved to urge the government to secure to Canadian vessels the right of navigation in the United States canals.

Hayes has vetoed the appropriation

bill. Now, what does the Confederate congress propose to do about it?

THE MANUFACTURE OF EGGS.

(Fall Mail Gazette.)

One of the San Francisco papers gives an account of a new industry that has arisen in that city, namely, in the manufacture of hen's eggs from inexpensive materials. The albumen is imitated by a mixture of sulphur, carbon and fatty matter, obtained from the slaughter-houses and rendered sticky with mucilage. The yolk is made with blood, phosphate of lime, magnesia, muriate of ammonia, oleic and margaric acids, and coloured with chrome yellow. The shells are shaped by a blow pipe from a mass of gypsum (plaster of paris), carbonate of lime and oxide of iron. After the shells are blown, the albumen is forced in through a hole in a small end, and sticks to the side; then the yolk is added, and after being covered with more of the albumen mixture the hole is sealed with cement; the complete egg is then "rubbed pretty smooth and laid aside for packing." It is asserted that many barrels of these eggs have already been shipped east for consumption; and as a pleasing adjunct to meat from the "slink butcher" they will no doubt be gratefully welcomed by British housekeepers in search of cheap and nutritious food.

The man who got that yarn up

knew his business.

TRUCKEE ITEMS.

(From the Republican of to-day.)

The Truckee Lumber Company have thousands of feet of logs in the river above their mill.

Bridge street is being thoroughly drained by a plank covered sewer, and sidewalks are being laid along several streets, and at the various crossings of the plaza.

The narrow gauge railroad of the Pacific Wood and Lumber Co. is running regularly every day, and the mill is crowded with work.

F. H. Moore, one of the young men accused of writing, printing and circulating obscene letters, papers, and cards at Nevada City, was tried, convicted and sentenced to one hundred and twenty days imprisonment.

A couple of workmen at Ellen's mill attempted to ride down his flume last Saturday night. They made a box, placed it in the flume, and shot down the steep declivities as if lightning were after them. Suddenly, at a point over a high trestle, they saw some headlight lodged in the flume ahead of them. The next instant their box was in fragments, and they were whirling over the sides of the trestle. Strangely enough, neither was seriously hurt.

LATEST NEWS.

DIED.

PERRY.—In Reno, April 29, 1879, the infant son of C. W. Perry, aged 1 month 19 days.

JOTTINGS.

—I. Fredrick keeps some nice cigars.

—Building operations are pushed ahead lively.

—Dan Costello's circus will be along this way in a short time.

—Over a hundred tons of railroad iron went west this morning.

—Some magnificent strawberries are being sold in this market new.

—The Reno Exchange is the name of Mrs. Jones new hotel on Plaza street.

—C. H. Merrill wants a waiter at the Metropolitan hotel. See 50-cent ad.

—Merchants complain of business being dull. The more reason for advertising in the GAZETTE.

—John Sunderland received another large invoice of hats and caps from New Jersey this morning.

—George Eveleigh is still non-comestibus. The district attorney says he is absconding swampan.

—Two or three suits have been brought against the Central Pacific railroad company to recover goods lost in the late fire.

—R. F. Hoy has just received three car-loads of redwood lumber, and a lot of cedar and redwood fence posts. Also a fine lot of black walnut thirty-two inches wide, suitable for counter tops.

—The sheriff and his deputies are still making vigorous efforts to recapture Eveleigh. A printed description of him with the offer of a reward has been sent to the sheriffs of this state and California.

—Lawrence Barrett appears in Hamlet in Virginia City to-night. Wonder if we couldn't get him to give one performance in Reno before he goes east? The pavilion or Kimball's hall could be fixed up, and he would be sure to draw a large crowd.

—Abrahams, of the White House, keeps piling in new lots of clothing in addition to his already large stock. He keeps everything in the clothing line that the purchaser can ask for. His prices make investments in sewing machines unnecessary.

—The GAZETTE is glad to notice that John Sunderland, B. F. Brown, O. H. Smith and several others are beautifying their homes by planting shade trees. The variety used is the cork bark elm, which makes a beautiful shade. R. P. M. Kelly has a lot of these trees at the Washoe nurseries, and parties intending to make improvements in this line should not delay, for the tree planting season will soon be over.

K. of P.

It is desired that all Knights of Pythias of Amity Lodge, No. 8, be present at their lodge hall Thursday evening, May 1st at 7 o'clock. Business of interest will be discussed.

THE REFORMERS.

Dr. D. Banks McKenzie's Second Lecture.

Dr. McKenzie delivered his second lecture at the Pavilion last night. A large audience attended and listened attentively to his remarks. While the doctor is an interesting speaker, his lecture was somewhat rambling and disconnected. The lecture would have proved much more interesting, and given greater satisfaction, had fewer references been made to himself, and less time devoted to personal menaces. Words of praise are no doubt cheering to a man engaged in such a good work, and success a sweet remembrance to the earnest laborer in a righteous cause, but they will hardly interest or convince those whom the doctor is trying to reach. It was rather late when the lecture commenced, owing to the time consumed in reading letters, etc. The work is a good one, and the GAZETTE is glad to see such general interest taken in it. The pledge was signed by a number. It is the intention to organize a reform club, such as has been formed in Carson, Virginia, San Francisco and other places. The objects of these reform clubs are to furnish reading rooms, amusements, and a place of resort for their members away from the temptations of whisky and bad company. The project is being taken hold of earnestly, and will probably be very successful. Dr. McKenzie lectures again at the Pavilion this evening. Speaking will commence at an earlier hour than last night, as there is nothing to preface it.

PERSONALS.

Charles Carter is in town.

Bishop Whittaker is in town.

Dan Evans, of Sierra valley, is in Reno.

Mrs. Egleston, who has been visiting her relatives in Reno, takes her departure to-morrow morning for her home in Eureka. Her mother, Mrs. McGinley, goes with her for an extended visit.

The Kimball Hall "Show."

Harry Maynard gave a performance last night at Kimball's hall. Those that attended pronounced it a terrible weak affair. Maynard is a nice fellow and a good sparrer, but he is a dead failure in the show business. He had better stick to giving sparring lessons, and let the stage alone. He and his wife departed for Truckee after the performance was over, where they will exhibit.

Commissioners Meeting.

The board of county fathers will hold their regular monthly meeting next Monday. Business of more than usual importance will be transacted. Ordinances for the town government will be passed, and a chief engineer elected, who will be a sort of chief cook and bottle washer. It is certainly desirable that the board take some action in the matter of letting dead animals decay within the town limits.

An Odorous Locality.

When the wind blows from the north the people in the neighborhood of the slaughter yard at the north end of Sierra street are favored with odors which bear more resemblance to those that saluted the nose of Coleridge at Cologne than the perfumes of "Araby the Blest." The stink is quite overpowering at times, and some complaints have been made about it.

Matters in Surprise Valley.

Dr. Patterson, the Surprise valley stage man, came in from the valley last night. He reports business matters in the valley as being decidedly quiet, but the people in that section are considerably stirred up on the new constitution. In the doctor's opinion Modoc will give it a handsome majority.

Shoeing.

The Journal's local saw a grasshopper on a sage-brush yesterday, and in fear of being devoured by the graminivorous beast, ran down to his office and hit him with three sticks of type with a fire bell heading, and then sub-headed it "No Danger," to show that he was not afraid. The unfortunate grasshopper has not been heard from since.

Judicial Rivalry.

There were rival justice courts in town to-day. R. F. Hoy, chief justice of Verdi, ran opposition to Judge Bowker. Judge Bowker says that Judge Hoy is peaching on his domain, and swears he is going to get the county commissioners to make his court the only judicial court in Reno township.

Brewery Sold.

The Crystal Peak Brewery has changed hands. Graziar and Sertenbach have sold the property to A. Goldstein, of Sacramento. The amount paid was in the neighborhood of \$3000. The new proprietor takes possession to-morrow and will at once commence brewing.

Justice Court.

The case of Mark Brown came up again to-day, and was postponed until the 31st of May. He is still out on bail.

The case of McKenzie, charged with cheating, was also postponed until Friday. He remains in the county jail.

Sent up for Vagrancy.

James Dawson was before the justice court this morning on a charge of vagrancy. He pleaded guilty to the charge, and Judge Bowker sentenced him to twenty days in the county jail.

H. L. Lippard's Lecture.

A quiet laboring man entered a Reno saloon to-day and ordered his dinner. While it was in course of preparation he took up a paper and sat for some time, evidently lost to all earthly things. Just as the cook announced dinner he finished the article with a sigh.

"How much is that dinner, mister?"

"Four bits," said cook. "Why, don't it suit you?"

"Yes; but I can't eat now. I'm going to Truckee."

"Why, man," said the barkeep, "there's no train."

"Train, hell!" said the now thoroughly excited and wild-eyed man. "Can't a man walk when he is in a hurry?"

"What are you going to Truckee for? Thought you were at work."

"I'm going for the rest of that Donner story. If you see Gilmore tell 'im I shan't want to work any more. I shan't probably finish this new job 'fore fall an' he'll be through long enough 'fore that."

And the eager man started on his way, muttering as he went, "That is a story worth readin'." Used to read 'em when I was a boy. Them dime novel rackets used to fetch me. Sir George Beadle, Wm. Munro and such, but these modern uns has them fellers by a large majority. Ah, sighed the expectant one, "I must shake 'em up. If I should get there and find no more copies it would kill me, I feel it in my bones."

Before leaving town the excited man visited the coroner and indicated a verdict in case of any accident. Said he, "Name, James Scraggs, age 85, and you'll just say accidental, caused by love o' literature and a radin' the Donner racket in the Truckee Republican."

Fast Horses.

A special containing six of the fastest horses that were ever crowded into one car went through this morning to Carson. The list comprised the following well known horses: Rarus, with a record of 2:13; Adelarde, 2:19; Col. Lewis, 2:18 1/2; Doty, 2:21; Colman, 2:23, and the famous pacer Sweetest with the unprecedented record of 2:15. The horses are under the management of J. Splan and will give an exhibition of speed at the Carson track next Saturday. Rarus will trot to wagon against Sweetest in wagon. This is one of the fastest stud of horses that has ever been exhibited in this State, and will undoubtedly attract a large crowd from Virginia, Reno and other places in the immediate vicinity of Carson.

A Cheeky Tramp.

James Dalton, the fellow who was convicted of vagrancy this morning, didn't want his name published. He had a wife in Virginia City and did not want her to hear of his disgrace. Judge Bowker says that two-thirds of the vagabonds brought up before him tell the same story, and they lie almost invariably. This tender-hearted rogue, whether he has a wife or not, is a specimen of his kind. Yesterday he went to the court-house with a cock and bull story about being robbed of \$15 and some gold dust and nuggets, and wanted the officers to recover his property. On inquiry it was found that he had been bumming his mals for two days at a boarding house. His play for sympathy very properly landed him in jail.

A New Lodge at Truckee.

The members of Amity lodge, No. 8, of Knights of Pythias of this place, will go up to Truckee next Sunday to institute a lodge there. They have a lodge of forty-six charter members to organize, which will keep them busy all Sunday night and all day Monday.

District Court.

The trial of William Madden and G. F. Gardner has been dragging slowly along all day. The examination of witnesses has consumed a great deal of time. The trial will probably be concluded this evening and the case given to the jury.

Let's Have One.

To-morrow will be the 1st of May, and the picnic season will soon be upon us. As yet there has been nothing said on the subject. Its about time the excursionist fit should catch the public. Won't somebody rise to order and move on the question.

Taken East.

The two New York Central coaches, containing Gen. Rutter and party, came down from Virginia last night. They were coupled on to the overland train and taken east.

To the Good People of Reno.

Having entered the field with the balance to contend for a share of the public patronage, it would perhaps be well at the start to state our claims to the above. I am not a sufferer by the fire, so claim no sympathy on that score. I believe it's the duty of the good people to give preference to old residents, provided all things are equal, but if Brown asks fifty cents for what Smith is willing to sell for twenty-five, on the grounds that he is looser by the fire and wants to get even, the trade will naturally go to the latter. Hence I say we have no claim on the people except on those who may wish to economize. If you wish to buy your wife a fine silk dress by all means go to Enrich. If you want a suit of fine clothes go to Nathan's or Abrams', but if you want a "goose yoke," rat trap or jack knife go to Yankee Dodge's, where a dollar will buy a basketful. Recollect goods just as square as though sold over a marble counter. A child that can lip out the names of the articles wanted, can buy just as cheap as an expert.

P. S.—Money will be refunded on all goods that do not prove as represented.
